Results-oriented Senior Accountant professional with a passion for technology and programming. Looking to diversify my professional experience by entering the web development world. Eager to contribute my expertise in time management, leadership, analytical thinking and unquenchable thirst for knowledge to enhance user experience, and exceed organizational objectives in a collaborative and innovative environment.

Skills

- Ability to think strategically and solve issues independently while identifying challenges and provide innovative solutions
- Knowledge in programming languages such as Javascript, HTML, CCS and in libraries such as React and jQuery
- Actively engaged in online learning platforms to expand technical skills in programming
- Data analysis, attention to detail, collaboration and adaptability skills.

Experience

● C&C Soluciones Empresariales, Colombia.

Senior Accountant

2022 - Present

- Develop Excel procedures to automate repetitive tasks, improving efficiency and accuracy in financial reporting
- Lead cross-functional teams in implementing accounting system upgrades, coordinating project timelines and deliverables
- Manage month-end and year-end closing processes, ensuring timely and accurate financial reporting
- Effectively communicate financial insights to stakeholders through clear and concise reports and presentations.

Accountant

2020 - 2022

- Analyzed financial data to identify trends and discrepancies, enabling data-driven decision-making.
- Resolved complex accounting issues by researching regulations and collaborating with cross-functional teams to implement effective solutions
- Proficiently utilized different accounting softwares for financial data management and analysis

Bookkeeper

2016 - 2020

- Exhibited strong attention to detail and quality control skills by maintaining meticulous financial records and conducting thorough reconciliations to ensure accuracy using manual and computerized bookkeeping systems
- Reviewed financial statements for compliance with regulatory requirements, identifying and resolving discrepancies
- Utilized advanced Excel functions to extract insights from databases.

Education

- Full Stack Web Development Professional Certificate, UdeCataluna
- Finance and Accounting, Pontificia Universidad Javeriana de Cali, Colombia
